Traffic Shifts This Week on Skidaway Narrows Bridge

WHAT: Contractors for Georgia DOT have scheduled lane shifts on SR 204 Spur on the Skidaway Narrows Bridge throughout the week. These temporary lane shifts and shoulder closures are necessary for equipment on the deck and side of bridge along with any bridge work activities. The lane shifts should not impede on the flow of traffic but reduced speeds are strongly advised in this and all work zones.

WHEN: Tuesday, July 5 through Friday, July 8, weather permitting.

WHERE: SR 204 Spur east and west bound over the Skidaway Narrows Bridge starting near mile marker 5 and continuing to mile marker 6 in Chatham County.

Every day Georgia DOT employees work on roadways in close proximity to travel lanes. Whether they're in maintenance, in construction or are HEROs, it's dangerous. Fifty-eight Georgia DOT personnel and many more motorists, passengers and contractors' workers have been killed in work zone crashes since 1973. When you drive in a work zone, obey the rules: Pay Attention - Slow Down - Watch for Workers. It can make the difference between life and death. Visit www.dot.ga.gov/DS/SafetyOperation/Workzone.
